Premium Collection

A comprehensive range of wood based mouldings to create bespoke solutions. All ranges include a spectrum of sizes to support incremental sales.

In this collection:

Brooklyn	Loft	Opus
Confetti	Lunar	Shades
Cadre	Madrid	Urban
Delta	Maine	Vermont
Ember	Mode	Zen
Essence	Natur	
Haze	Nordic	

Gerry Slade

Aluminium Collection

Two ranges of cool aluminium in cutting edge shapes. Less profile options but a wide range of finishes to suit any content.

In this collection: Icon
                      Tek

Shutter & Co Photography

Essentials Collection

A collection of frames manufactured in a composite material. Because they are not wood based, they deliver good looking frames at a very competitive price.

In this collection: Flat
                      Packs

information

These mouldings have a natural hardwood veneer. The appearance of natural wood is not constant. At point of order there may be variances in both colour and grain. With age, all finishes will oxidise and darken.

Opus & Slip
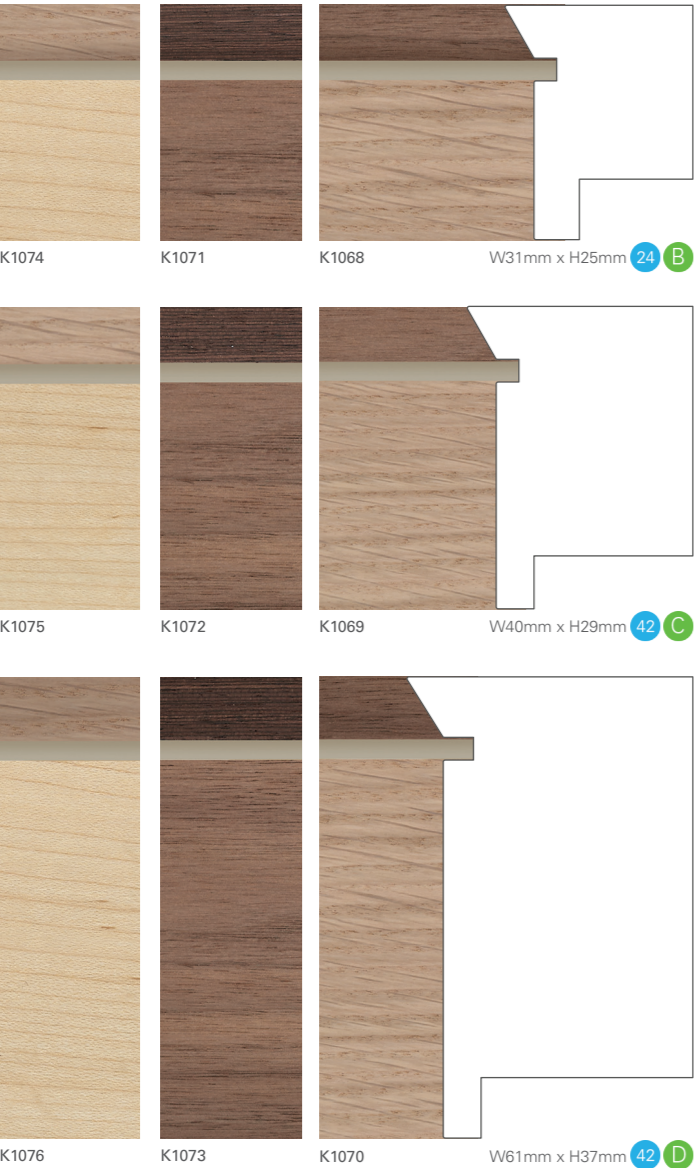

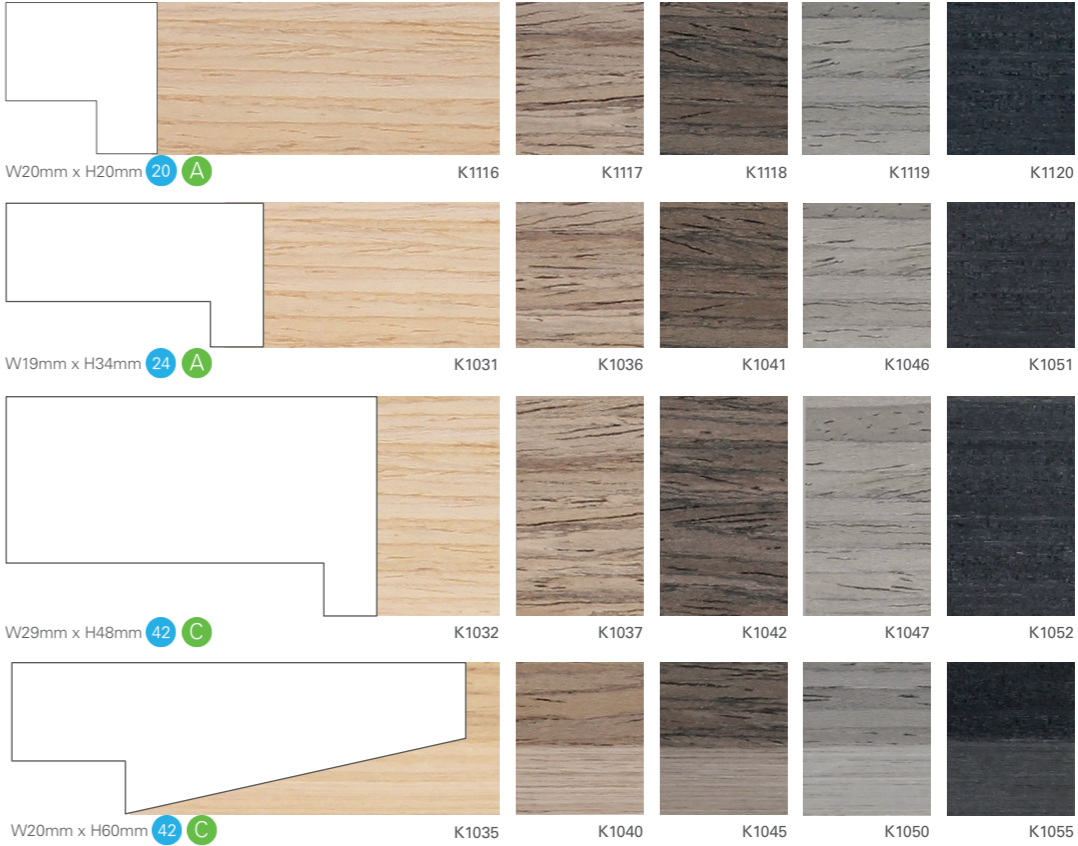

information

The Opus bevel profile looks great as it is. For a statement piece there is a wooden shaped insert in white or off-white. This insert can hold either a laminated image or a mounted image behind glass. Either option creates a really stunning product.
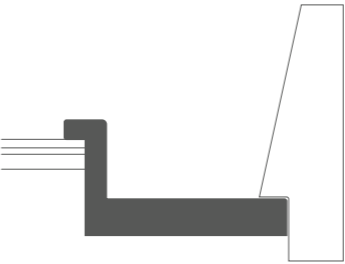

information

The deep rebated Opus profiles can incorporate a matching wooden slip. This creates a significant distance between the contents and the glass.

Essential Packs

K872	K873	K874	K937 W21mm x H16mm

K138	K141	K140

Budget packs are designed to offer cost-effective desktop frames for marketing. Add a mount and a box, and even a budget frame can cut the mustard when it comes to classy presentation.

Available in desktop sizes only, they are sold in packs of 5. Supplied with a strut back and glass. Single mounts and flat pack white boxes come as optional extras.

Standard mounts are available in White or Off-White mountboard.

Available in desktop sizes

7X5 • 8X6 • 8X8 • 10X7 • 10X8
10X10 • 11X5• 12X8 • 12X10 • 12X12
Other sizes can be manufactured on request.
To obtain parallel pricing, a minimum quantity of 25 is required.

Premium Packs

W20mm x H20mm 24 A	K1116	K1117	K1118	K1119	K1120
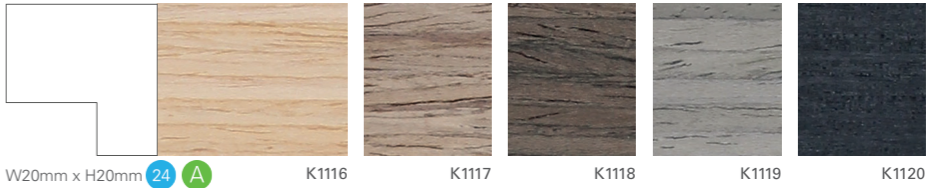

Premium frames in multi packs for that extra finesse. Whereas Essential Packs are constructed from composite material, Premium Packs are wood based. Wrapped with real wood veneers for a beautiful natural texture, perfect for the modern day home.

Shutter & Co

Available in desktop sizes

10X8 • 12X9 • 12X10
Other sizes can be manufactured on request.
To obtain parallel pricing, a minimum quantity of 25 is required.

Accent layers & V grooves

Any combination can have an accent layer or V grooves. An accent layer is a contrasting colour mount layer that is positioned immediately under the topmost layer. V grooves are scored into the mount board surface for added interest.

Paperwrap with an accent layer

Spacer with an accent layer
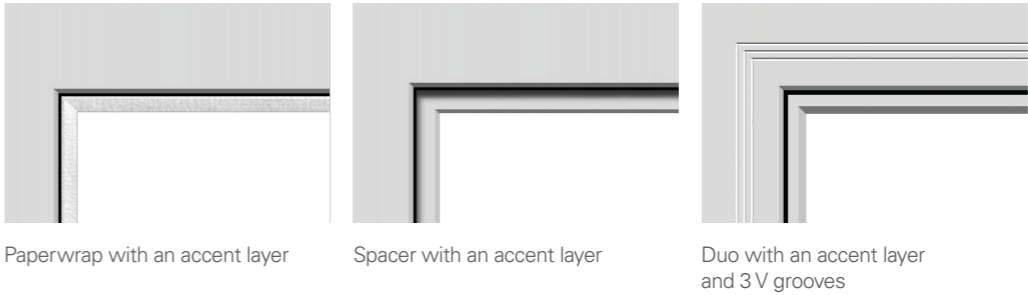

Duo with an accent layer and 3 V grooves

Personalisation

Replicate your signature using a pen plotter. Signature applications are available in pencil, black, silver or gold pen.

Replicate a signature with a self-inking stamp. Stamps can be purchased from a third party provider and will require testing before forwarding to Kaleidoscope.
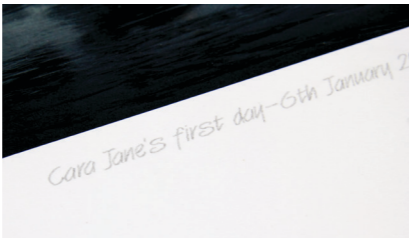

Text to complement an image(s) can be added using a pen plotter. There are a number of set fonts to choose from.

Printing

Printing is available to complement our full assembly framing service and is an integral part of the manufacturing process for the other products that we offer. We do not colour correct or edit images, we simply print the file as we receive it.

- Large format colour inkjet printer - Epson CP1000
- Canvas • Fine Art
- Ultra White • Pearlescent
- Large upload capacity via the website
- Adobe 98 & SRGB colour space accepted
- Jpeg & Tiff files accepted
- Test printing packs available

Giclée Printing

The word Giclée is derived from the French verb gicler meaning "to squirt or spray". Giclée is used to describe a fine art digital printing process combining pigment based inks with high quality paper. Giclée prints are printed on a variety of substrates or mediums, the most common being cotton rag. This fibrous paper transforms a photograph into a painterly, soft image that adds a classy, decorative feel making it perfect for everything from portfolios to art prints for exhibitions.

Surprisingly, amongst our peer group we were the first to routinely offer fine art printing. We now regularly deliver high quality print runs for artists, illustrators and photographers alike.

Wild Earth Fine Art

Available with décollage edge

Digital Media

An innovative way to present digital media.

Layered acrylic blocks providing storage, marketing and display opportunity all in one product.

The front panel is clear to accommodate a single permanent laminated image. The back panel is white. The outer panels conceal an inner recess for digital media storage. For use with a USB card or a USB stick.

All products are provided complete with simple black packaging for hand over.

USB cards available for purchase in single units or larger quantities. When purchased in quantities of 25, studio branding is available free of charge.

Sizes 4X4 • 6X4 • 6X6 • 9X6

Mounted print box

The mounted print box provides an elegant way to present and store images. The box is available in two stylish fabrics with an integral ribbon and a magnetic closure. Multiple print finishes available with a choice of mount colour. Understated and beautiful. Available in a number of sizes.

• 9X7 • 9X9 • 12X9

• Maximum content 15 in 0.7mm mounts

• Maximum content 10 in 1.4mm mounts

• Box debossing available

Brett Harkness Photography

Fine art print box

The fine art print box looks just like the mounted print box until you lift the lid. This box contains a number of multi-layered, décollage fine art prints. These have been hand finished and applied to a presentation backing for added impact. Very special. Available in a number of sizes.

• 9X7 • 9X9 • 12X9

• Maximum content 12 in 0.7mm mounts

• Box debossing available

Purecreations

Mounted prints

You don't always need a frame. A mounted print can look exceptional if it is presented well. Mounts cut to any size, images printed to any size and supplied with a choice of backing for a neat finish. Foil embossing and computerised signatures can be applied.
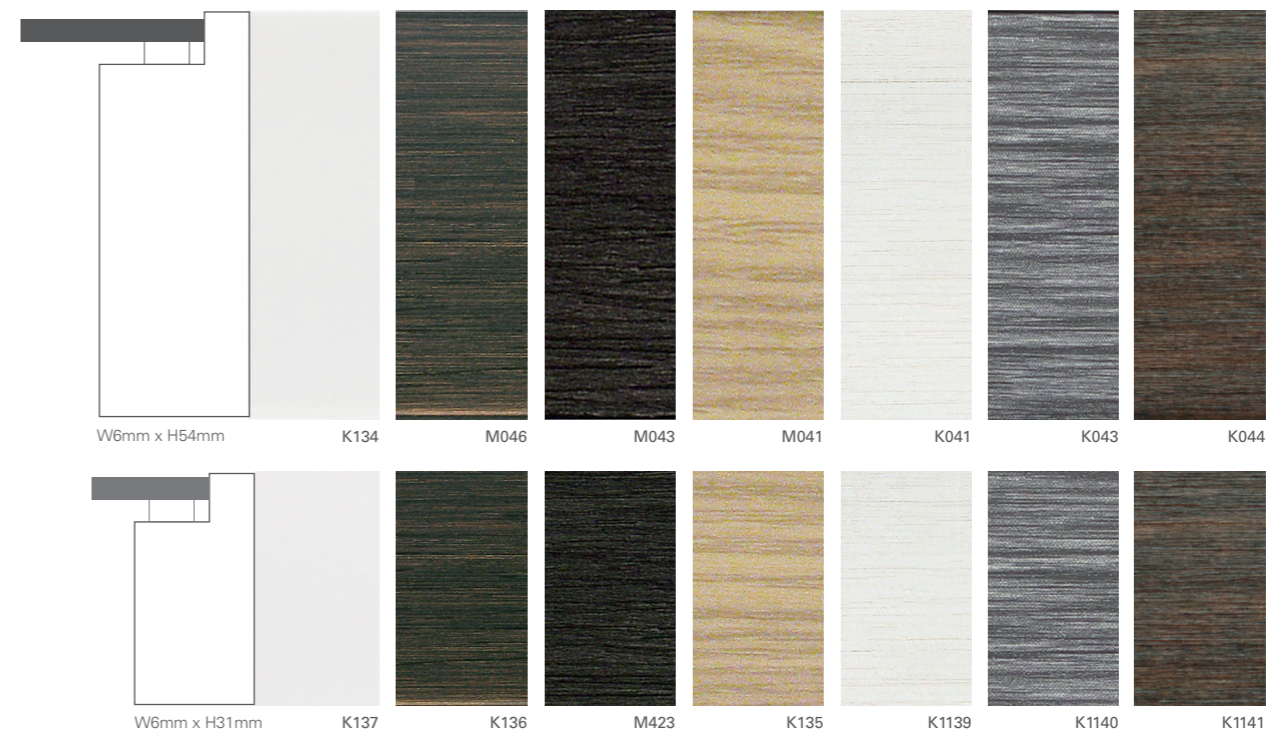

Purecreations

Box Frame

Prints are laminated onto 3mm PVC foam board at any size up to 48X36.   The laminated print is then placed into a linear moulding. There is a range of composite mouldings that are ideal as a cost-effective yet attractive solution.
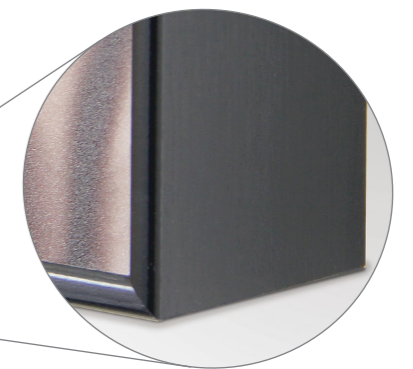

• 54mm or 31mm frame depth

• Satin lamination

• Pearlescent prints available

• Acrylic finish available

# Box Installation

Images are laminated and framed in a range of mouldings standing 30mm deep.

The layouts available have been designed to sit together within a single presentation box. Instantly the recipient gets the wow factor when the box is opened. The consumer then has the option of hanging them in the format of our design or however they choose.

information
The mouldings marked with an asterisk have a natural hardwood veneer. The appearance of natural wood is not constant. At point of order there may be variances in both colour and grain. With age, all finishes will oxidise and darken.

Edge

Canvas wrap in Edge

Martin Hill Photography

W19mm x H50mm   K092   K093

W10mm x H37mm satin finish   K052   K053   K054

Black / Silver Top

W19mm x H35mm   K097   K098   K099   K100
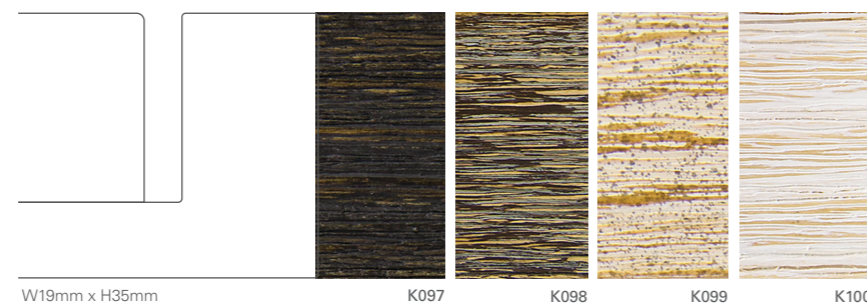

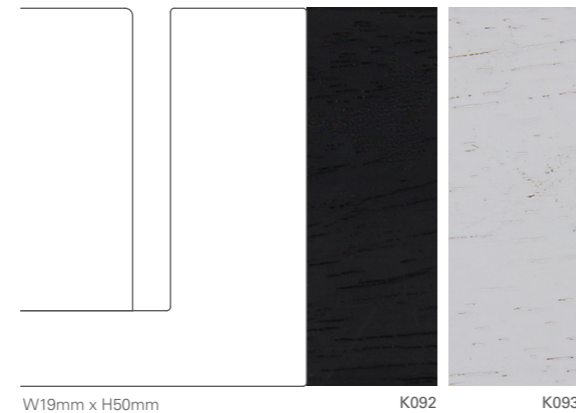

Minimalist products are in vogue. For some, whilst the sharp look is important, it can appear a little stark. This is when an Edge solution is useful. Edge is available in two styles. The satin finish delivers a classical style of frame with a wide reveal surrounding the image. The heavily grained option delivers a more contemporary presentation, fitting more closely to the image. Available with either Canvas Wrap or Block inner.

Canvas Wraps

A canvas wrap offers a display option with warmth. Utilising a poly cotton blend material softens the image whilst bringing it to life. Available as a full image wrap or with coloured edges, the depth of the canvas is also optional.

Available at any size up to 48X36, they all have several coats of lacquer applied prior to stretching. The canvas is stretched, by hand, over a solid wood frame faced with board to prevent the canvas deforming during handling. Flush fixings allow the canvas to hug the wall.
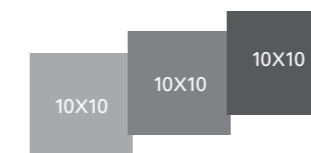

30mm (shallow) or 55mm (deep)

Versa_tile

Introducing the revolutionary magnetic bonded acrylic system.

The Versa_tile solo mechanism enables single image tiles to be independently wall mounted. A single spacer, with embedded magnets and wall fixings, is used to attach the tile.

The Versa_tile cluster gives height as well as width to a display. Using a multi-levelled, hidden carrier and a series of strategically positioned spacers, the bonded image tiles overlap to cleverly hide the supporting mechanism.
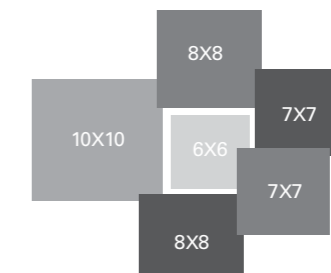

Paredes Photography
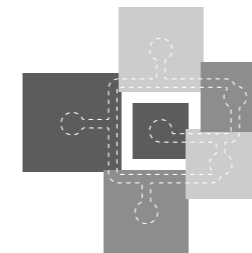

The bracket can be fixed to any orientation and the display can be continually expanded by adding more units. Replacement tiles are also avaialable to purchase. Set formats as shown.

Overall size: 29X15	Overall size: 23.5X22.5	Overall size: 34.5X34.5

Ice

A stunning, contemporary acrylic panel. The look is created with an image bonded directly behind acrylic and an aluminium support frame which acts as a means to sit the product on the wall. Neither visible fixings nor shabby fittings detract from the sleek styling. It is attractive, minimalist and available in bespoke sizes to fit any image and any location in the home or office. Choose satin or pearlescent paper to produce the perfect product.

Richard Bradbury Photography
